

# VET'S GUIDE TO San Antonio

Welcome to San Antonio! [ADM Equine](#) and [ConturaVet](#) are happy to team up with The Horse and EquiManagement to bring you this easy-to-use Vet's Guide to San Antonio! Whether you are using this through your mobile device or downloaded the PDF of the Vet's Guide, we hope you will find all the exciting and fun spots to eat, drink, and enjoy while you are in San Antonio!

Brought to you by:

# VET'S GUIDE TO San Antonio

Everyone has heard about The Alamo, but did you know Teddy Roosevelt used the Menger Hotel's bar to recruit his Rough Riders? The bar is rich in Roosevelt memorabilia. (And the hotel is reportedly haunted!)

## Haunted?

Did you know there are haunted walking tours in San Antonio?

## Walk?

Did you know the San Antonio Riverwalk is 15 miles long, is the No. 1 tourist attraction in the city, has been ranked among the Top 20 "most beautiful" sights in the world (which you can see by riding in canal boats), and has a plethora of restaurants right along the river?

## Restaurants?

Yep, we got 'em! Easy-to-use listings of eateries and coffee shops with addresses, phone numbers, and direct links to make reservations or order carryout.

## Out?

There is so much to see when you are out and about in San Antonio. The city offers so much for adults and kids, including plenty for history buffs and those looking high (Tower of Americas) and wide (horseback riding) for that perfect outing.

We hope you enjoy our Vet's Guide to San Antonio. Bon appetite!

Demands of exercise are a stressor for the performance horse. Reactive oxygen species (ROS) such as free radicals are produced in the muscles during exercise. Heavy work can overwhelm the body's natural ability to deal with ROS resulting in oxidative stress which can damage muscle proteins, lipids, and DNA, release pro-inflammatory cytokines leading to muscle pain, and damage the mitochondrial membrane thus decreasing energy production.

# Cellarator<sup>®</sup> Advantage

— NUTRITION YOU CAN SEE —

**Cellarator<sup>®</sup> Advantage RECOVERY+** is designed specifically to help the performance horse combat the stress of exercise. Its exclusive formula contains unique ingredients proven to combat oxidative damage of muscle cells, improve energy utilization, and support muscle recovery and repair.

**Available exclusively from your Veterinarian.**
